Organisational Carbon Footprint Verification Letter

CTA-14119

Dear Sunbelt Rentals Holdings, Inc,

Carbon Trust Assurance Limited ('**The Company**') re-verifies that:

Sunbelt Rentals Holdings, Inc. ('**You**') has submitted an organisational carbon footprint for verification purposes, with the following organisational and operational verification boundary during the reporting period 01/05/2025 - 30/04/2026:

- All global operations
- GHG sources included:
  - Scope 1 – all emissions sources
  - Scope 2 – all emissions sources (location and market-based)
  - Partial Scope 3 – Category 3: Fuel- and energy-related activities

In accordance with the accounting criteria:

- Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standard;
- Greenhouse Gas Protocol: Scope 2 Guidance
- Greenhouse Gas Protocol Corporate Value Chain (Scope 3) Accounting and Reporting Standard; and
- The Carbon Trust – Organisational Carbon Footprints – Requirements for Assurance – Part 1: Technical (Version 1.0)
- The Carbon Trust – Organisational Carbon Footprints Requirements for Assurance – Part 2: Claims and Logo (Version 1.0)

Organisational Carbon Footprint

The Company re-verifies the organisational carbon footprint results set out below. during the reporting period of 01/05/2025 - 30/04/2026. The verified emissions amounted to:

500,181 tCO_2e, according to the location-based approach and 480,216 tCO_2e, according to the market-based approach.

- Scope 1: 372,568 tCO2e
- Scope 2 (location-based): 39,874 tCO2e
- Scope 2 (market-based): 19,909 tCO2e
- Partial Scope 3: Category 3: Fuel- and energy-related activities: 87,739 tCO2e

Energy consumption

Verification of the energy associated with Sunbelt Rentals Holdings, Inc. Scope 1 and 2 emissions, in accordance with the criteria of the ISAE 3000 is also included within this project. The values verified were as follows:

- North America (Canada and US) MWh Consumption: 1,547,677 MWh
- United Kingdom MWh Consumption: 126,577 MWh

Level of Assurance

This verification was carried out to a Limited level of assurance in accordance with ISO 14064-3 and the energy consumption verification in accordance with ISAE 3000 (revised).

Our Conclusion

Based on the work we have undertaken and the evidence provided by Sunbelt Rentals Holdings, Inc., nothing has come to our attention that leads us to believe that the organisation's footprint has not been properly prepared, in all material respects. The verification opinion is unmodified. This is in accordance with the criteria defined in ISO 14064-3 and ISAE 3000 (revised).

Materiality

It has been verified that all material non-conformities identified during the sampling performed on the footprint models submitted have been closed. If at any time and for whatever reason You or the Company identify any further non-conformities, the terms described in the Description of Service and General Terms and Conditions will apply. It is also Your duty to promptly inform the Company in writing.

Provision for material discrepancy

The Company has performed the verification in accordance with the applicable material discrepancy threshold: where actual errors, omissions or misstatements affect the final footprint result by the equivalent of 1% or more individually or 5% or more in aggregate they are predetermined to be a material discrepancy and therefore a non-conformity.

Footprint period

The footprint period represents the time period for which the organisational carbon footprint is representative, this is always valid (subject to no material changes in organisational structure etc).

We will be in touch with you prior the next reporting period to discuss your communications as well as re-verification. However, if you have any questions or would like to look into re-verification, reduction assessment or Climate Projects Funded at any time, please feel free to get in touch with us.

Communications

Any claims regarding the verification results or any other claims shall be made in accordance with the Requirements and Brand Guidelines.

In accordance with the Requirements and Brand Guidelines You are permitted to communicate the verified results, as set out below and in any associated Annex:

- The 01/05/2025 - 30/04/2026 carbon emissions of this organisation covering Scope 1, Scope 2 and Category 3. Fuel- and energy-related activities from Scope 3, along with the energy consumption associated with these emissions have been verified in accordance with the GHG Protocol and ISAE 3000. Data pertaining to the US corresponds to Sunbelt Rentals, Inc., the UK corresponds to Sunbelt Rentals Limited and Canada corresponds to Sunbelt Rentals of Canada, Inc. and William F White International Inc.

Any claims or communication made during the Verification Period shall comply with the 'Organisational Carbon Footprints: Requirements for Assurance version 1.0' and Brand Guidelines. Any communications, other than those listed above, shall be submitted to the Company for prior approval and may be documented in an Annex of this Verification Letter at the Company's discretion.

The organisational carbon footprint is presented within Group FY26 GHG Position - YE. "Group FY26 GHG Position - YE", "Category 3 - fuel and energy related activities – FY26", and "Energy Consumption Calculation". We have not performed any work, and do not express any conclusion, over any other information that may be included on Sunbelt Rentals Holdings, Inc.'s website or reports for the current year or for the previous periods unless otherwise indicated.

Exclusions

No exclusions have been made.

Inherent Limitations

The accuracy and completeness of the Selected Information is subject to inherent limitations given their nature and methods for determining, calculating and estimating such data. As such, this Verification Letter should be read in connection with Group FY26 GHG Position - YE. "Group FY26 GHG Position - YE", "Category 3 - fuel and energy related activities – FY26", and "Energy Consumption Calculation". For those subject matters with a limited assurance, the evidence-gathering procedures are more limited than with a reasonable assurance, and therefore less assurance is obtained than in an overall reasonable assurance statement.

Conflict(s) of Interest

The Carbon Trust places great importance on impartiality in the delivery of its assurance services. This commitment is embedded in our operational processes to ensure objectivity, transparency, and independence throughout the provision of these services, while effectively managing any actual or potential conflicts of interest.

To maintain this impartiality:

- We maintain distinct teams for all of our projects with appropriate information barriers between them.
- Our Assurance team does not offer or provide footprinting or other consultancy services to any company for which they are conducting assurance services.
- It's important to note that Carbon Trust Assurance Limited operates as a separate legal entity delivering all our assurance services. All assurance statements and certificates are issued under this entity.

Carbon Trust Assurance Limited's Competence and Independence

Carbon Trust Assurance Limited ensures the selection of appropriately qualified individuals based on their qualifications, training and experience. The outcome of all verifications and assessments is then internally reviewed by senior management to ensure that the approach is rigorous and transparent.

For and on behalf of Carbon Trust Assurance Limited,

Martin Hockaday,
Head of Assurance

Certificate of Assurance

Sunbelt Rentals Holdings, Inc.

has measured the organisational carbon footprint of their organisation for:

Scope 1 – all emissions sources, Scope 2 – all emissions sources (location and market-based) and Partial Scope 3 – Category 3: Fuel- and energy-related activities

Carbon Trust Assurance Limited re-verifies that in accordance with ISO 14064-3 that Sunbelt Rentals Holdings, Inc. has calculated the organisational carbon footprint of their Scope 1 – all emissions sources, Scope 2 – all emissions sources (location and market-based) and Partial Scope 3 – Category 3: Fuel- and energy-related activities in the reporting period 01/05/2025 - 30/04/2026 in their global operations, in accordance with:

- Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standard;
- Greenhouse Gas Protocol: Scope 2 Guidance
- Greenhouse Gas Protocol Corporate Value Chain (Scope 3) Accounting and Reporting Standard; and
- The Carbon Trust – Organisational Carbon Footprints – Requirements for Assurance – Part 1: Technical (Version 1.0)
- The Carbon Trust – Organisational Carbon Footprints Requirements for Assurance – Part 2: Claims and Logo (Version 1.0)

Awarded: 18 august 2026

for and on behalf of Carbon Trust Assurance Limited,

Martin Hockaday,
Head of Assurance
